

College/University Scholarship Application

INSTRUCTIONS—PLEASE READ CAREFULLY: To apply for a Sandpipers' Scholarship you must have a minimum GPA of 3.0, have demonstrated financial need, community service activity, live in one of the designated South Bay communities of Southern California, be a U.S. Citizen or eligible non-citizen as defined by the U.S. Department of Education, and academic achievement. Because our scholarships are awarded to students in need of financial aid, financial information about your family is necessary to determine your specific needs. Community service is also a weighted factor. **All sections of this application must be completed.** Do not leave any questions blank; use "none" or "not applicable" where necessary. **Leaving questions unanswered and/or failing to supply information listed in the checklist below will disqualify your application.** Please print neatly or type. Neatness, brevity and legibility are desirable. All information is kept strictly confidential. Children and grandchildren of Sandpipers' members are not eligible.

Sandpipers uses a two-step scholarship recipient selection process:

Step 1: Application Evaluation—Sandpipers will review your application to determine whether you qualify for a personal interview. You will be notified by the end of February with our decision to interview.

Step 2: Personal Interview—If you are selected for an interview, Sandpipers' scholarship committee will meet with you at a South Bay high school or community location for a 20-minute interview. Within one week following the interview you will be notified with our decision. If you are awarded a scholarship, note that the specific scholarship amount is not determined until July/August. Sandpipers' scholarships are paid directly to the college or university as required by the Internal Revenue Service. Recipients are selected on the basis of financial need, academic achievement, community and school involvement, and a commitment to personally contribute financially to their education through employment. Those students who continue to demonstrate financial need and maintain good academic standing while in college are eligible for continuing aid through four consecutive years of college.
